
The DaV

Volume 2 Number 12

FROM THE CENTER SEAT

I have been giving some thought as to how to get crew members more active in ship functions. It is one of the hardest parts about being Captain. Frustration can make you do things you normally never would do and I for one am guilty of that. Some I know about, others I may not. If I have unintentionally angered any member of the DaVinci, for whatever reason, I am truly sorry.

The next few months will see many important things take place. The first is the election of the Captain and First Officer for the next two years so it is important that you try and come to the next meeting. You can only vote if you are there. Second, the number of DaVinci renewals due in June and July are substantial. If your membership

If you are a Sliders fan, you know that Professor Maximilian Arturo died and was replaced by “Super Bitch”. Anyway, John Rhys-Davies will appear on Voyager’s season finale. It seems as if CPT Janeway needs some advice and so she goes to the holodeck to get the advice of Leonardo DaVinci!! Rhys-Davies, who was dissatisfied with his Sliders role was quite please with his Voyager character and is sure the character was designed as a recurring part.

Well I suppose you all know by now that Jennifer Lien is leaving Voyager. She is not being killed off because there is always the opportunity for her return. The reasons for her leaving the show have not been made public. I for one will not miss the character. There was only one good show that centered around Kes and if anyone is to blame for her leaving it is Jennifer Lien herself. But that debate is for another time.

There will be a new female character on Voyager to take the place of the departing Kes. Word has it the new character will be a Borg but in the new TV Guide Voyager’s executive producers refute this claim.

Even a CPT is prone to make mistakes and when it involves the birthday of a crew member that you forget to post in the May Pilot, and she naturally lets you know, it makes matters worse. So, please wish CRMN Gisela Stephens a happy birthday when you next see her! By the way, if I forget any one else's birthday, please let me know.
