

The DaVinci Pilot

Volume 4 Number 4

OCTOBER 1998

FROM THE CENTER SEAT

ATTENTION! The meeting time and location has changed for the October meeting. We will be meeting on the 22nd at the South Branch Library on South Lumpkin Road.

When no one showed up by 8:20 am, at the last scheduled highway clean-up I left quite disappointed (ENS Randy Dunn arrived a few minutes after I left). The first time the DaVinci picked up trash as part of the Adopt -a-Highway program, the turn-out was wonderful. Since then, the participation has been pretty bad. I have been getting complaints that we are not doing more toward community involvement. This may be true, but if I cannot get better attendance at something that is our responsibility, how many will show up at activities that we volunteer for? I am giving serious consideration to dropping the Adopt-a-Highway program if more crew members do not show up. Just remember, the more crew members that come, the quicker the clean-up will be.

I signed up the DaVinci for the Annual Help the Hooch river clean-up after receiving a letter in the mail from the folks at Keep Columbus Beautiful Commission. The Fourth Annual Help the Hooch river clean-up is scheduled for Saturday, October 17th from 9 a.m. to noon. The DaVinci had a great representation at last year's event and I would love to meet or beat that this year.

HELP! I need to find a new location for the meetings. If you know of somewhere we can meet, please let me or the Exec' know. It is really hard for Connie to get Ariana to bed, especially when I am out of town.

THE KLINGON OUTPOST

If you are sad, act!

b'l'IQchugh yIvang!

This exclamation is actually ambiguous, but both interpretations give insight into the Klingon way of thinking. The phrase could be advising one to take specific action to overcome sadness-that is, figure out exactly what the problem is and do something about it. On the other hand, for a Klingon, activity and vigor are associated with a sense of elation, while unhappiness is often connected to passivity or even laziness, character traits disdained by Klingons. Thus, the advice could be simply to do anything at all.

Hit them hard and hit them fast.

tIqIpqu' 'ej nom tIqIp.

When the Enterprise was held in the grip of a Ferengi force field, Worf offered this advice to Captain Picard as a way to deal with the opponent. Once again, the importance of taking action, of not being passive or reticent, may be observed in the suggestion.

TREK BUZZ

The newest edition of the Oxford English Dictionary (released in August) gave an OK to the grammatical structure of the famous phrase "to boldly go where no man has gone before." The dictionary notes that "in standard English the principle of allowing split infinitives is broadly accepted as both normal and useful."

Interviewed in Cinescape magazine, Jonathan Frakes noted that the Riker/Troi romance would be back in the new film.

The Ultimate TV web site surveyed its users to find the top 100 TV series of all time. The final results placed TOS at number 3, TNG at 47, DS9 at 87, and VOY at 99.

The Post Office announced that the TOS stamp recently voted in by public ballot will be released in July 1999.

The town of Vulcan in Alberta, Canada, is scheduled to open a new 3,000 square foot tourism center on October 24th in response to their ongoing Trek-related tourism and conventions.

The October 29th episode of Diagnosis: Murder on CBS will guest-star Walter Koenig, George Takei, Grace Lee Whitney, Majel Barrett Roddenberry, and Wil Wheaton.

Robert Beltran is hosting a fund-raiser for the Down's Syndrome Association of Los Angeles on October 17th. Also scheduled to attend are Kate Mulgrew, Roxann Dawson, Robert Duncan McNeill, Ethan Phillips, Garrett Wang, and Robert Picardo. Call (818) 718-6363 for information on the dinner and dance.

Thanks to Dateline: Starfleet for the information!
