## FROM THE CENTER SEAT

On April 19, the USS Hephaestus had its annual Spring Cookout at Pete Mohney's home in Birmingham, AL. The Heller clan arrived around 1:00 PM. Since I had taken over the responsibility of Region 2 Auctioneer, Pete was anxious to pass the torch so to speak by making sure that all of the auction material left over from the Summit would be in my capable hands! I was not there more than a minute when Pete suggested we load up the van! So, with help from some of the other early arrivals, our van was quickly loaded with eight or so large boxes. Once the last box was out of his possession, Pete had a rather large smile on his face!

Sometime after 2:00 PM, as the Mohney house became more and more crowded, the grills were fired up. After everyone who was coming had arrived, a total of 8 chapters from around the area were represented. Seven came from Region 2 (USS Blue Sun, SS Dark Silence Station, USS DaVinci, USS Hephaestus, USS New Hope, USS Rising Moon, USS Republic) and one from Region 1 (SS Nikola Tesla)! Also in attendance was the local chapter of the Dixie Browncoats (Firefly and Serenity fan organization)!

Everyone was supposed to bring their own items to grill and we brought enough hamburgers to satisfy any appetite. Naturally, I assumed Connie would do the grilling since she had the experience. Well, crocheting took precedence and I ended up having to do it and proceeded to burn the outside more than a burger should be. Thank goodness there was plenty of extra food (chicken tenders, fudge, brownies, nuts, chips, and most importantly, buckeye balls lying around just in case the taste of charcoal-encrusted meat was not to Connie or Ariana's liking

It seemed as if the biggest excitement of the day was when Jan Sleigh from the USS New Hope and her family arrived with three baby kittens! They could not be left alone because they were very young and needed to be hand-fed. Once they were pulled out of their carrier it seemed as if everyone wanted to hold one. After seeing the reaction of Connie and Ariana (and myself as well) to the kittens, I made it clear to the other members of my family that only three made the trek to Birmingham and only three would make the trek back to Columbus! I am surprised that I was not asked, "So, how are you getting home?"

Jill Rayburn from the SS Nikola Tesla gets a kiss from a baby kitten.

Denby "Mama" Potts from the USS Hephaestus with one of the 3 kittens.

Following the cookout the Hephaestus' infamous Spring Poker Game started. In addition to the poker, there was Dalmuti, Munchkin, and DVD TV trivia. Unfortunately, the Hellers could not stay around for the gaming activities because of the long 3 ½ hour drive back to Columbus. We left around 5:00 PM Alabama time. It was a long way to go for only 4 hours of food and fun but it was well worth the trip and we plan on attending next year's event. A BIG Bajoran thanks to Pete and Sue Ellen Mohney and the crew of the Hephaestus for all the hospitality and a great time to boot!

Okay folks, make sure to mark your calendars for this next event! On Saturday, June 7<sup>th</sup>, the USS DaVinci will hold its first annual Sweet Tooth Party! Just like our numerous other parties, you need to sign up to bring something, but this time it has to be dessert! No salad, hamburgers, hotdogs, baked beans, turkey, ham, potato logs, wings, macaroni and cheese, etc. at this event! Only cakes, pies, pudding, cookies, ice cream, - whatever! Chocolate. Chocolate! CHOCOLATE! Come up with something really creative and join us on the 7th beginning at 2:00 PM! Please give me a call or send me an email letting me know if you plan on attending.

VADM Freddy Heller

## SCIENCE STATION

The Coca Cola Science center in downtown Columbus had four DaVinci club members attend the astronomy viewing night on April 12. Randy, Sandy, Christopher and yours truly showed up for our first Astronomy away mission. We were treated to a star show in the planetarium dome which was free of charge. The resident astronomer guided us through a tour of the constellations of the zodiac and the identification of several stars and planets. When the planetarium program was over we went outside along with about 20 other attendees, to view the planets and the moon through the four reflecting telescopes that awaited us outside. While looking through the lens of the telescope I had a child like thrill observing the rings of the planet Saturn. There was an abundance of "oohs" and "ahs" and "cool" as people peered through the telescopes. Afterward, the four of us went to the Cannon Brew Pub and had some delicious fire roasted pizza and hamburgers. All in all we had an evening of thrills

and educational transformation. The astronomy group meets twice a month at differing locations including, the space science center, Providence canyon, and Callaway gardens. I have at everyone's disposal a 2008 schedule of the astronomy nights. I encourage others to attend and I will let people know when we schedule another astronomy night away mission. I will faithfully await any future attendees. There is only one astronomy night in May: Saturday 10 May at the Space Science Center beginning at 8:00 PM. Hope to see you there!

## ACCOLADES

A BIG Bajoran thanks or congratulations go to:

John and Jacque Pollock, our neighbors, for their weekly donation of cans.

Dr. Stewart, our Chiropractor, for his weekly donation of cans.

## TABULATIONS

Well, a new year brings forth the third tab challenge! We failed to meet our minimum goal of 80,000 tabs last year and I really hope we can do better than that this year. To make it more appealing to those who save and hunt down those little hunks of aluminum, I will make you an offer that you cannot refuse. If and only if we reach 100,000 tabs, all those crew personnel who donated at least 9,000 tabs will get to pie the Captain! Hallelujah! Can it get any better than that? Now, of course, I think it only fair that if the 100,000 total is reached and if I also donate 9,000 tabs, then I get to pie the person of my choice! So, if you wish to be one of the lucky ones who get to smack me with a pie, start saving those tabs today! Here are the current totals:

<b>Starting Balance</b>	21
Freddy Heller	5165
Russell Ruhland	3680
Connie Heller	2826
Randy Dunn	200
Joe	32
Todd	32
<b>Total</b>	11956

## RM HOUSE NEEDED ITEMS

Even though we will no longer be meeting at the Ronald McDonald house they still are in need for a variety of items. If you wish to donate an item, bring it by my house and I will make sure it gets there. It is a good way to say “thank-you” for letting us use their meeting room free of charge these past few years.

Although The Ronald McDonald House needs quite a variety of items, the items needed most are trash bags (35 gal), laundry detergent, dryer sheets, air freshener spray, AA batteries, copier paper, labels, Styrofoam cups, and food items such as hard candy, cake icing, lemonade, salad dressing, soup, box dinners, vegetable oil, and perishable items such as bread, meats, cheese slices, fresh fruits, and snack foods. Thanks!

## THE USS DAVINCI IN PHOTOS

I thought everyone would enjoy a look down memory lane. Each month I will show a series of photographs from our very beginning, as the Shuttle DaVinci, up until the present time. Many of you will remember these faces. To others they will be complete strangers. But, they made what the USS DaVinci is today. Enjoy! Reminisce.

This month’s photos are from our seventh annual Christmas Party. Part II will be next month.
