## PASSAGES

StarTrek.com is saddened to report the death of actor Barry Jenner, who played Admiral William Ross in a dozen episodes of Deep Space Nine across the sixth and seventh seasons, including "A Time to Stand," "Tears of the Prophets," "The Changing Face of Evil" and "What You Leave Behind." The actor, who was 75 years old, also provided the voice of the character in the video game Star Trek: Deep Space Nine -- Dominion Wars, and was a popular figure on the convention circuit. He died on August 9th, succumbing to acute myeloid leukemia at Cedars-Sinai Medical Center in Los Angeles.

Barry Jenner (R) as Admiral William Ross

Born in Philadelphia, Jenner counted among his other credits Another World, Knots Landing, Dallas, Highway to Heaven, Looker, Hart to Hart, V: The Series, Family Matters, Walker: Texas Ranger, JAG, Enough Said and, if IMDB is accurate, an upcoming film called The Caretaker. He also was a frequent celebrity guest on the game shows Super Password and The \$10,000 Pyramid.

Jenner, according to The Hollywood Reporter, also served as a Los Angeles Police Department reserve officer for 21 years. In lieu of flowers, the family requests that donations be made in Reserve Officer Barry Jenner's to:

Los Angeles Police Reserve Foundation  
6350 W. 80th St.  
Los Angeles, CA 90045  
Telephone: (310) 342-3044

Please join StarTrek.com in offering our condolences to Jenner's family, friends, colleagues and fans.

Jenner is survived by his wife, Suzanne Hunt.

## FROM THE CENTER SEAT

My goodness where has the summer gone to? Pretty soon we will all be putting away the shorts and sandals in favor of cooler weather clothing. Well our house has become noticeably quieter since Connie and I took Ariana up to Georgia State University to begin her college experience. Yes, that little girl who many of you remember as being just that is a freshman at Georgia State! We already have plans on making her room into a guest room with new carpeting and fresh paint. The empty nest syndrome has hit pretty hard as Connie will attest that I “walk around like a lost puppy.” Perhaps I do.

Okay, on to other news. Our monthly Night Out/Membership meeting at the Speakeasy Pub was well attended. Fifteen hungry DaVinci personnel attended the August Night Out and feasted on such varied items as camel riders and lasagna. The food was good and our server Stephanie kept the drinks coming and dirty dishes were quickly whisked away. Thanks to a generous donation of goodies, there were lots of Captain’s Perks to give out. There were eight happy winners that evening: Sandye won the free meal, Mathew won a Star Wars mini poster, Chris won a Fan Boy mini poster, Yonah won a Dukes of Hazzard mini poster, Lech won a Star Trek coffee cup as did Gregory, David won a set of adAstra magazines (which will come hand in his new role as the DaVinci Science Officer), and Hal won an autographed photo of Andrew Robinson as Garak from Deep Space Nine! Everyone had a good time. Next month the Night Out/Membership meeting will be held at 7:00 PM on 19 September at Deoreo’s located in the Cross County Shopping Center on Macon Road. Hope to see y’all there! Who knows, you too could win a free meal. Check out some of the photos from all the fun.

Margaret and Lech and David, Mathew, and Yonah pose for a photo after ordering their meals.

Chris and Lisa M and Russell and Diane do the same.

And so too does Freddy and Connie and Joe and Margaret.

And finally Gregory and Sandye and Randy do the same.

Our very efficient server Stephanie takes orders from Davis, Mathew, and Yonah and Russell and Diane.

Look what we won: Sandye (free meal); Mathew (Star Wars mini-poster); Chris (Fan Boy mini-poster); Yonah (Dukes of Hazzard mini-poster).

We won too: Lech (Star Trek cup); Gregory (Star Trek cup); David (adAstra magazines); and Hal (autographed photo of Andrew Robinson as Garak)!

I hope some of you new members who joined at the premier of Star Trek Beyond can make some of our events. We really do have a good time.

## SCIENCE STATION

Hello everyone my name is David Lindsey and I am your new Science Officer! This will be the first of many more articles to come in the ever expanding field of science and technology and what this means for us now and our children in the future.

Over the past 6 months or so there have been a few big jumps forward including the first ever super thing OLED 4k television that was unveiled at the recent science and technology seminar. What does this mean? Well, the main screens we see on the bridge of Enterprise, or in the corridors, and science stations are not that far off.

Next, the interactive computer is just around the corner! Yes, Jarvis about to be real. In addition, Microsoft has started releasing, and testing a holographic 3D style computer with VR gear to make any room a virtual computer.

And finally, the protein 3D printer is almost here. Remember the food replicator? Well, for the Mars mission they have started to work with proteins to create longer storage life, and make meals when a crew is 48,678,219 miles away. This is a big benefit considering one supply run from earth to Mars takes approximately 260 days when the earth is at its closest.

OLED TV at release

Microsoft holographic 3d computer

Well I hope you have enjoyed this little tidbit from the tech world. There will be more to come in the future.

LTJG David Lindsey

## COMMUNITY SERVICE

We have several new members who have recently joined and it has been quite a while since I last gave a detailed description on the organizations, programs, and charities the USS DaVinci supports. All of these programs are an important way that the DaVinci helps realize Gene Roddenberry's vision of future in which poverty, hunger, and war do not exist. Granted these programs are but a small step in that direction but a step they are.

### Ronald McDonald House

The Ronald McDonald House is a home away from home for parents whose children are undergoing medical treatment at a hospital. This treatment could last several days to several weeks or even months. The Houses are built on the idea that parents should not have to worry about the cost of staying near their children or where their next meal is coming from. The Ronald

McDonald House believes that it is important that the hospitalized child have the love and support of family. Families stay at little or no cost. So how can we help? Our primary aid is through the collection of pop tabs found on a variety of canned products. The tabs collected by the Ronald McDonald House are then sold to a recycle center and the proceeds go to helping pay the operating expenses of the House. In fact, the yearly tab donations are enough for all of the utilities (gas, electric, water) to be paid in full! So when you open that can of pop or soup, or even pet food, save the tab and when you get enough count them and turn them in at the next DaVinci event. Tabs are not the only things you can donate to the Ronald McDonald House. Have you ever tossed out that empty printer cartridge figuring that no one would ever have a use for it? Next time take it to the Ronald McDonald House. They get money for each empty cartridge. Want to help out even more? The Ronald McDonald House always needs donations for the everyday operation of the House. Items such as bathroom tissue, paper towels, coffee, light bulbs, cleaning items, trash bags, snack foods, the list goes on and on. For more information on what is needed go to [rmhcwga.org](http://rmhcwga.org)

### Keep Columbus Beautiful

There are two ways we help this organization. The first is the annual Help-the-Hooch River clean up, which takes place in early to mid October. The DaVinci has been involved with this activity for 17 years. Help-the-Hooch is the largest clean up event in the Southeast. Their mission is to protect the resources of the Chattahoochee River basin by removing all the solid waste dropped by careless individuals. Each year the Help-the-Hooch event draws over 10,000 volunteers and removes over 100,000 pounds of litter from along its banks. We usually have a pretty good crowd of personnel from the DaVinci help out every year. Once the work is finished we all adjourn to Golden Park for the volunteer activity, which includes free food and a Help-the-Hooch t-shirt (note the correct spelling this time). In conjunction with the volunteer activities is the Watershed festival with many displays from organizations around the Columbus/Phenix City area.

The second way we help keep Columbus beautiful is our Adopt-a-Highway program. Our section of Columbus' roadways is the entrance and exit ramps off exit 6 of the North Bypass (Schomburg/Blackmon Roads). During the summer months we meet near the east ramp from Blackmon Road around 8:00 AM. Given time we try to go out for breakfast following the clean up. When it gets colder the time is pushed ahead 1 hour to 9:00 AM. We should clean up at least once a month but usually try for once every few months. Quite often another group cleans it before we can schedule a date.

### Education Labels

Something we more recently started was the collection of Box Tops Education, Labels for Education, and Project A+ labels. These items can be found on a variety of products from cereal to soup to butter to biscuits. Look for the following and cut them out:

The labels are then turned over to a local school where they are then exchanged for money. Each Box Top for Education label is worth 10 cents; each Label for Education is worth 1 point, and each Project A+ label is worth 24 cents. Again, this is a simple task and requires only a pair of scissors and a little bit of willingness on your part.

### Starfleet Stampede

The Starfleet Stampede is a program where cancelled stamps are collected and sent to Starfleet where they are sorted, packaged, and sold to stamp dealers. The money collected is used for the various Fleet level charities as well as college scholarships. Again, this is a simple task that only requires scissors and your time. You can even tear the stamp out if you cannot find a pair of scissors. Which ever way you choose, try not to get too close to the stamp edge.

### Overseas Coupon Program

Another one of our long running support programs is the Overseas Coupon Program or OCP. OCP was established to help Military families stationed in various parts of the world outside the United States. These families have no other way of obtaining manufacturer's coupons than by family members or programs such as the OCP. Manufacturer's coupons are classified (for OCP purposes) as either food (human not pet) or non-food. Coupons can be found in the Sunday Ledger-Enquirer and the weekly Fort Benning Bayonet. This program will take a little bit of your time for the coupons need to be cut out, sorted between food and non-food, and added up into amounts totaling no more than \$500 in each pile. On several occasions I have received heart-felt thank-you letters from the Army Community Service (ACS) that receives our donation. The ACS were have been sending coupons to for quite a few years sent me a letter saying that their office was closing so I went on line and found a Navy and an Air Force unit we can support. Please start collecting today!

### Other Programs?

There are many more programs in the Columbus/Phenix City/Fort Benning area that are in need of volunteers. If you can think of some organization that we can help, no matter how large or small, please let me know. One thing we did in 2012 that we forgot to do in 2013 was volunteer at the annual Thanksgiving feeding the needy at the Valley Rescue Mission. It was quite an experience for the four of us who took time out of our schedule to volunteer. I do not plan on missing it this year.

## **NEWS YOU CAN USE!**

The new rates for membership in Starfleet are in place and are a pretty good deal. NOTE: There are no more paper memberships available. All memberships are electronic (via email). If you are thinking of joining Fleet but the expense was too high now you can get your membership for much less money. Not only will you save money there, but your membership in the DaVinci is half off as well (up to a \$7.50 savings!) and you are automatically promoted to

Acting Ensign! The new membership rates are: Individual - \$10; Family of 2 - \$15; Family of 3 - \$17; Family of 4 - \$19; Add \$2.00 for each additional family member. If you are not in Starfleet, please give some thought about joining this great organization!

## TABULATIONS

With a couple of large donations we have slowly inched our way up to nearly 30,000 tabs but we still have a long way to go. The standings have not changed from last months. Freddy still leads the pack and is the first to qualify to toss a pie by breaking the 5,000 tab barrier! Remember, the tabs can come off any type can from pop to cat food to dog food to soup! Ask your neighbors to save tabs for you; ask your church or other social group to save tabs. You will be surprised as to how many tabs you can collect that way. Here are the current totals as of press time:

<b>Starting Balance</b>	000
Freddy Heller	10026
Connie Heller	4149
Russell Ruhland	3500
Scott Roop	2868

## DAVINCI T-SHIRTS

The new DaVinci t-shirts are in!! They are quite nice and I am sure they will go fast so make sure you reserve yours today. The cost is very reasonable: YM to L (\$11); XL (\$12), 2X (\$13), 3X (\$14), and 4X (\$15). I did order (I hope) enough of each size and this time around some youth medium in each color. Oh, we still have a few of the older ones left and they can be purchased at a slight discount. Here is what the new ones look like:

**Operations**

**Science**

**Engineering**

Here is what we currently have in stock:

<u>Operations (Red)</u>		<u>Science (Blue)</u>		<u>Engineering (Yellow)</u>	
Youth Medium	1	Youth Medium	1	Youth Medium	1
Small	1	Small	1	Small	1
Medium	3	Medium	4	Medium	5
Large	4	Large	1	Large	2
XL	4	XL	3	XL	3
2X	3	2X	4	2X	2
3X	1	3X	2	4X	1
4X	1	4X	1		

We also have several of the last version DaVinci shirts available for a discount – your choice \$7.00 each. Here is what we have: Operations (1 - Medium); Science (1 - Medium); Engineering (1 - Medium); Generic Gray (1 - Medium and 2 – XL); and believe it or not we still have one of our first gray t-shirts (Medium) in stock. If you want any of the above t-shirts feel free to email or call me to reserve your size. I cannot hold it forever so if you reserve a shirt, please pay as soon as possible. Thanks

## ACCOLADES

A BIG Bajoran thanks or congratulations go to:  
 Hal Stewart for his weekly donation of cans;  
 Barbara Paul for her numerous Starfleet Academy courses;

## USS DAVINCI IN PICTURES

The following is a trip down the USS DaVinci memory lane. Each month I will show a series of photographs from our very beginning, as the Shuttle DaVinci, up until the present time. Many of you will remember these faces. To others they will be complete strangers. But, they made the USS DaVinci what it is today. Reminisce. If you have any photographs that you would like to see published in the Pilot, feel free to send them to me with a brief explanation as to who is in the photo and when and where it was taken. If I get a name wrong, please let me know! Okay, here is Part I of our 2007 Pie Party!

Lech, Joe, Ariana, and Margaret and Roger, Margaret, Randy, Lech, and Joe at Golden Corral for the pre tab turn in breakfast.

Margaret and Randy enjoying their breakfast and Roger goofing off with his girl Ariana!

Roger and Connie pose for a photo before the tab turn-in and the DaVinci crew (L-R: Roger, Lech, Margaret, Russell, Randy, Joe, Park, Freddy, and Ariana)!

Getting a tour of the Ronald McDonald House from Susan Yaksh and Ariana and friends!

Next Month: Part I of our 2<sup>nd</sup> Pie Party!
